## EXPERIENCE

### **Singing Stars, Rolleston — *Drum Teacher***

July 2017 - PRESENT

Currently teach over 30 students during the week, In Rolleston and Christchurch.

### **Vision College, Christchurch — *Technician***

October 2016 - July 2017

Troubleshooting PC issues, Setting up computer labs, that is including the LAN network and connecting the computers to the Main server in hamilton.

### **Self-Employed, Christchurch — *Web Developer***

November 2018 - PRESENT

Created a website for Singing Stars, In the process of creating a website for Lake Benmore Holiday Park.

## EDUCATION

### **Vision College, Christchurch — *2 year Diploma***

March 2019 - November 2020

Studying Software Development and Web Development at Vision College over 2 years.

## PROJECTS

### **Drum Website — *Website for Drum Teaching***

I am currently working on a Drum website that will allow booking for lesson, and allow the parents to see their applications, see their child's reports and progress. This will also be a place where the students can login and see their current homework. This will be made using JS and PHP.

## SKILLS

Great with working in a team. This is displayed as the main Assessment for Digital Technologies in year 12 was a team related project.

Problem Solving. This is shown on a Daily basis in the Software Development Course.

## AWARDS

**Overall Digital Technologies Award** Won this award 3 of the 5 years in Highschool. This the top Digital Technologies award, awarded by Sanitarium.

**Excellence Endorsement for Digital Technologies** This is achieved when you have 80% Excellence results for your class
